Sir,

In returning the papers received with Government Endorsement No.6428-1-E.P.H., dated 1st. March 1941, I have the honour to state that the Municipal Council is competent to make the appointment under Section 53(1) of the Public Health Act but the appointment should have been made from men possessing Sanitary Inspector's qualifications since there is no category as 2nd. class vaccinators in the schedule of posts under Municipal Councils. In as much as the appointment has already been made it may be sanctioned as a special case for a period of two months only from 21st. January 1941 but in the event of its being extended the Council should appoint a qualified Sanitary Inspector.

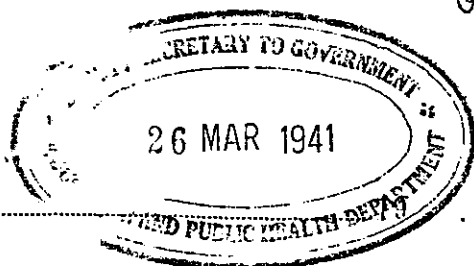

I have the honour to be,
